## Dermatitis :

\*Perioral dermatitis \* Bacterial Skin infection

# L-RITE

Lymecycline 408 mg Capsules

L-RITE

## Eradicates Acne to Reveal Beautiful Skin

Broad Spectrum of Activity

100% Bioavailability

Economical & Efficacious than Minocycline

Low potential of phototoxicity (than Doxycycline)

Less ulcerogenic (than minocycline/doxycycline/oxytetracycline)

Superior tolerability & safety profile

Full duration of therapy increases the efficacy & reduces the emergency of resistance

**L-RITE** Capsules

## Tough On Acne...Gentle On Skin

# To Bring Out The Next Level of Glowing Beauty

## Indications :

- Acne
- Post Acne Scar
- Delays Skin Aging
- Helps Plumping Skin Via Hydration

# NGgly

Glycolic Acid 3% w/v + Salicylic Acid 2% w/v & Aloe Vera 5% w/v 70 ml Facewash

## The Next Step Towards **Glowing & Beautiful Skin**

### Glycolic Acid

- Penetrated quickly to exfoliate and rejuvenate skin
- Reveals new healthy skin
- Encourages production of collagen and elastin
- Improves appearance of deep wrinkles
- Helps to draw moisture into the new skin

### Salicylic Acid

- Helping the skin to shed dead cells from the top layer and by decreasing redness and swelling (inflammation)
- This decreases the number of pimples & faster healing

### Aloevera

### A Skin-softening, Anti-wrinkle Remedy

- Rebuilds Tissues, Protect Skin Cells from Damage & Fights Bacteria
- Nourishes, Moisturizes & Protects

# NGgly

 Facewash

## A Novel Approach to **Glow & Beauty**

FOR CLEAN SPOT LESS.  
ACNE FREE SKIN

# Amoclean Gel

Clindamycin Phosphate 1% w/w + Nicotinamide 4% w/w 30 gm

Ensures An Acne Free Beautiful SKIN

## Clindamycin

- Suppresses the growth of propionibacterium acnes, corynebacterium acnes and anaerobes.
- Reduces the inflammation of the sebaceous glands and allows acne to heal
- Highly effective for the treatment of acne vulgaris of mild to moderate severity
- Effective in-unhibiting microbial proliferation

## Nicotinamide

- Potent anti inflammatory agent
- Reduces acne lesions, pustules, papules & acne severity
- Decreases the inflammation associated with acne
- Treats acne leading to remission of inflammation

**Indications :** • Acne Vulgaris • Pustulated Acne  
• Acne Lesions • Inflammatory Acne
